Company – Field Service Engineer - Materials Handling

Established in 1978 we have 41 years of experience in the materials handling industry and pride ourselves on our extensive and versatile product and service range. We have been sole distribution partner of Heli Forklifts since 2001 for the whole of the UK

Heli Forklifts

Founded in 1958, Heli is the 7th largest materials handling manufacturers in the world. They produce 512 products and 1700 different models and sell over 160,000 units annually into 140 different countries.

Impact Group

Grant Handling is now part of the Impact Group! Established in 1985, Impact has grown to become one of the leading providers of material handling equipment in the UK. Offering only the very best, carefully chosen equipment ranges each specified to deliver what we believe is the best value for money for our customers.

Values – Field Service Engineer - Materials Handling

At Grant Handling our people are our most valuable asset, we are proud to recruit and train the very best in the forklift industry. Equipping them with the skills and knowledge necessary to ensure that, no matter what our customers' need, they can handle it. Our values are:

- Empowerment
- Integrity
- Pride
- Teamwork
- Respect
- Health and Safety

Position – Field Service Engineer - Materials Handling

Grant Handling are actively recruiting for a field service engineer to work within a busy area, you will report into your local service manager and will ideally have experience working with materials handling equipment or similar.

You will be responsible for accurately diagnosing faults with machinery, servicing and emergency repairs. A typical day will consist of working on both customer and Impact Handling owned machines to ensure they are in full working order.

You will be expected to work independently in a safe manner on customer sites, you will need to be able to communicate well with customers and internal colleagues and will need to be able to ensure all relevant documentation is completed correctly.

Skills and Experience – Field Service Engineer - Materials Handling

- A technical background from within Materials Handling or similar
- Previous experience and qualifications from a similar role
- Experience working on mechanical, electrical and hydraulic systems
- Good attitude with the ability to stay motivated and productive
- A customer focused perspective and approach
- Work independently on sites in a safe manner taking into account both your own and other people's safety.

Benefits – Field Service Engineer - Materials Handling

- Basic of up to £30k+, Realistic OTE up to £40k+
- Overtime
- Vehicle
- Comprehensive training
- Company Pension Scheme
- Health Cash Plan
- Life Cover
